

What are we?

Monday's
Clue

We are insects.
Thousands of kinds
of us exist. You can
find us most places
in the world.

What are we?

Tuesday's
Clue

Some of us help people.
We make tunnels in the
soil that allow air to go
in it. That makes the soil
better for farmers. Some
of us eat other insects
that hurt farmers' crops.

Some of us are pests.
We eat farmers' crops.
Some of us try to live in
people's houses. We
like to eat sugar and
other people food.

B-6

We are social insects.
That means we live in
colonies with others
of our kind. We work
hard.

B-6

What are we?

Friday's
Clue

We are often black.
Some of us are red,
brown, yellow, green,
or purple.

What are we?

Bonus
Clue

We are often very
tiny, but some of us
are more than an
inch long.
