I Have...Who Has...
Multiplication & Division Game

How to play the game:

- Distribute the cards randomly to your students.
  Some students may get more than one card.

- Select a student to begin by reading their card aloud.
  (example: I have 36. Who has who has 4)28?)

- The student who has the card with the correct answer to the previous student's
  "Who Has..." question reads their card aloud.
  (example: I have 7. Who has 6x3?) And so on.

- Students must listen for their turn and try not to break the chain.

- When the chain is circles around to the first student, the game is over.

Suggestions:

- Print out the "I Have, Who Has" flashcards on card stock and laminate them so they will
  last for many years to come.

- Practic̲   ̲he works,
  then se   whatever.
