

Counting Money Game: "I Have... Who Has..."

How to play the game:

- Distribute the cards randomly to your students. Some students may get more than one card. Be sure all of the cards are passed out.
- Select a student to begin by reading their card aloud.
(example: I have 40¢. Who has 85¢?)
- The child whose card comes next, will then read their card.
(example: I have 85¢. Who has 94¢?) And so on.
- Students must listen for their turn and try not to break the chain.
- When the chain circles around to the first student, the game is over.

Suggestions:

- Print out the "I Have, Who Has" flashcards on card stock and laminate them so they will last for many years.
- Practice the game once with your students so they understand how the game works, then see if they can "beat the timer." Set a timer for 2 minutes, 5 minutes, or whatever. Challenge them to finish the game before timer beeps.
