Work Space

i. Jan is collecting walnuts and acorns. She will take them home and use them in craft projects. In her bucket, she has 106 walnuts. She has twice as many acorns as walnuts. How many acorns does she have?
(Show your work. Circle and label your answer.)

j. Jay and his friend Tara earn money each fall by raking leaves for their neighbors. This year Jay earned $9.52. Tara earned triple this amount. How much did Jay and Tara earn altogether?
(Show your work. Circle and label your answer.)
