Starburst Candy Icebreaker Activity

Here is a sweet icebreaker activity you can use on the first day of school to help your new students get to know each other and you!

Fill a jar or bowl with Starburst candies and pass it around the class. As each student picks a candy at random, he or she will answer a color-coded question to help the class get to know him or her.

Feel free to print out this "candy key" for all your students to refer to when it's their turn from the candy bowl, or just one master copy for yourself!

If you take an orange Starburst, say one thing you are most looking forward to in the new school year.

If you pick a red Starburst, share about your favorite memory from summer vacation.

If you pick a pink Starburst, tell us about your favorite summertime treat.

If you take a yellow Starburst, describe something you tried out for the first time on summer vacation.

If you take an orange Starburst, say one thing you are most looking forward to in the new school year.
