The Outsiders by S. E. Hinton

Argumentative Essay

Greasers vs. Socs

Greasers and Socs are viewed differently by society. Which group do you think society views more negatively, and why? How is the truth of the groups' natures more complicated than society's opinions? Crucially, how do the answers to these questions contribute to a larger theme in the novel? In your response, be sure to analyze how each group is portrayed through descriptions, characters' choices and actions, and how others treat them.
