I Have...Who Has...
## Money (up to $50)

How to play the game:

- Distribute the cards randomly to your students.
  Some students may get more than one card.

- Ask the student with the first card to begin by reading their card aloud.
  (example: I have the first card. Who has $31.19?)

- The student who has the card with the correct answer to the previous student's
  "Who Has..." question reads their card aloud.
  (example: I have $31.19. Who has $13.35?)

- Students must listen for their turn and try not to break the chain.

- When the chain reaches the student with last card, the game is over.

Suggestions:

- Print out the "I Have, Who Has" flashcards on card stock and
  laminate them so they will last for many years to come.

- Practice the game once with your students so they understand how the game works,
  then see if they can "beat the timer." Set a timer for 2 minutes, 5 minutes, or any amount
  of time you choose. Challenge your students to finish the game before the timer goes off.
