Name: _____

# Sentences with Linking Verbs

A **linking verb** is a word that joins the subject of the sentence to the words in the predicate.

Common linking verbs include: *be*, *am*, *are*, *is*, *was*, *were*, *seem*, *look*, *feel*, *sound*, and *taste*.

***example***: Austin and Ella ***were*** tired.
The word *were* links the subject, *Austin and Ella*, to the predicate, *tired*.
