

Name: _____

Potential and Kinetic Energy

Sort the kinds of energy based on whether they are primarily potential or kinetic.
Draw and label a picture representing each kind of energy.

- | | | | | |
|----------|------------|---------|---------|---------------|
| chemical | elastic | thermal | sound | gravitational |
| magnetic | mechanical | radiant | nuclear | electrical |

Potential Energy
(Energy of Position)

Kinetic Energy
(Energy of Motion)

ANSWER KEY

Potential and Kinetic Energy

Sort the kinds of energy based on whether they are primarily potential or kinetic.
Draw and label a picture representing each kind of energy.

chemical
magnetic

elastic
mechanical

thermal
radiant

sound
nuclear

gravitational
electrical

**Drawings
will vary.**

**Potential
Energy**
