There's a comma after the first two digits of this number.

If you add 216 to the secret number, you'll have 13 thousand.

The secret number is even.

In fact, the last two digits are both even.

Here's a hint:

12 x 7 = 84

If you add 216 to the secret number, you'll have 13 thousand.
If you subtract 784 from the secret number you get 12 grand.
