

Name: _____

Primary and Secondary Sources Sort

Primary sources are firsthand accounts or descriptions. They are made by people who were present to see or experience something themselves.

Secondary sources are secondhand accounts or descriptions. They are made by people who were not present to see or experience something themselves. They build on primary or other secondary sources.

Cut out the source cards. Sort the cards into two groups: primary or secondary sources. Then glue or tape the cards into the correct columns on page 2.

1 detailed biography about Amelia Earhart

2 newly released book about the arrival of Vikings in North America
