

Name: _____

Honesty

Honesty means speaking the truth and making the right choices, even when it feels difficult. An honest person avoids lying, cheating, or stealing.

Being honest is not always simple. Sometimes telling the truth can feel scary because you might get in trouble, make someone upset, or feel embarrassed. In those moments, honesty requires bravery.

It takes courage to admit when you have made a mistake or done something wrong. Choosing honesty, even when it is hard, shows strength of character. It takes bravery to be honest in these moments because you are choosing what is right instead of what is easy. When people see that you are brave enough to tell the truth, they learn they can trust and respect you.
