Each of this week's words ends with a silent-e. Oftentimes, a silent-e is used to convert a short vowel sound into a long vowel sound.

Add a silent-e to end of the word *cap* and you make the word *cape*. (Notice that *cap* has a short-a sound. *Cape* has a long-a sound.)

- Read each word in the box below. Then add a silent-e to the end of each word and re-read the list.

rob	plan	kit	scrap
spin	rod	cub	strip
