

Name: _____

Subtraction Word Problems

1. On a strand of lights, 13 bulbs do not work. If there are 100 bulbs on the strand, how many bulbs still work?

answer:

2. Dakota counts 63 people ice skating. A group of 24 people leaves before anyone else arrives. How many ice skaters remain?

answer:

A banner with a blue background on the left and a white background on the right. On the left, a cartoon superhero with brown hair, a red suit, and a blue cape is flying. He has a blue shield on his chest with the letters 'STW' in white. On the right, the word 'Preview' is written in large, bold, red letters. Below it, in smaller black text, it says 'Please log in to download the printable version of this worksheet.'

4. On January 1, 1726, Austin, TX got down to 17 °F. On the same day in 2000, it got up to 84 °F. What is the difference in temperature?

answer:

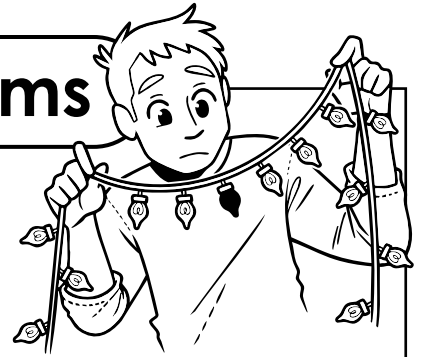

5. There are 92 marshmallows in a bag. Arjun's family uses 41 to make hot chocolate. How many marshmallows are left over?
