**Spinner Memory Match (Small Groups or Pairs)**

Write the words on flashcards (index cards) and flip them upside-down on the table. Students take turns spinning the spinner. They read the word, and try to find the corresponding flashcard. If the student finds the correct flashcard, he gets to keep it. If the student picks a card that does not match, he flips it back over. The student with the most words at the end of the game wins.

**Spell and Spin. (Pairs)**

Students work in pairs to play this game. Have one student sit with his back to the spinner. The other student spins a word and asks his partner to spell it. After three spins, they switch roles.
