Matching pairs include a contraction and the words it's made of. (example: doesn't matches does not).

Flipping two identical monster cards also counts as a match.

Player 1 flips two cards. If the cards match, he or she gets to keep both cards. If the cards do not match, then the cards are flipped back upside-down.

Then, player 2 gets a turn to try to flip matching cards. Players alternate until all cards have been removed from the game.

When the game is over, the player with the most pairs of cards is the winner.
